- Les systèmes Mottura, tant manuels qu'à cordon de tirage, pour rideaux en vagues. La vague en continu est obtenue grâce à un cordon muni de glisseurs/rouleurs à distance fixe.
- Mottura systemen, zowel koord- als handbediend, voor golfgordijnen. De continuele golf wordt bekomen door gebruik van een koord met glijders/rollers op vaste afstand van elkaar.

LA GAMME

Une gamme complète de systèmes pour usage privé ou public, pour tout type de rideaux.

HET GAMMA

Een volledig gamma systemen voor private en publieke toepassingen, voor elk type en stijl van gordijnen.

LA QUALITE

C'est notre priorité. Grâce à notre technologie sophistiquée, nous produisons des systèmes au fonctionnement souple et silencieux pour rideaux drapés, en garantissant un excellent confort d'utilisation et une longue durée de vie des produits.

DE KWALITEIT

Kwaliteit is onze eerste prioriteit. Met onze gesofistikeerde technologie kunnen we geruisloze en soepel lopende gordijnsystemen produceren, en garanderen we een uitstekende gebruiksvriendelijkheid en lange levensduur.

2

SYNERGIE

Un système Mottura est le résultat d'une technologie avancée et d'années d'expérience, qui contribuent à la constante évolution de nos produits.

SYNERGIE

Een Mottura systeem is het resultaat van een geavanceerde technologie en een jarenlange ervaring, die bijdragen tot een constante evolutie in onze producten.

MATERIEL

Mottura a des exigences très élevées et investit de manière conséquente dans la qualité en utilisant les meilleurs matériaux pour obtenir un produit final très performant.

MATERIAAL

Mottura zet hoge standaardeisen en investeert zwaar in kwaliteit, teneinde de beste materialen in te zetten om een performant eindprodukt te bekomen.
